

## 1. LEAKY SHOES BLUES

It's raining in Paris  
And I've got the leaky shoes blues  
Oh it's raining in Paradise  
And I'm stuck in my leaky shoes blues  
Now everybody's frowning and staring at me  
And I'm stuck just where I shouldn't be.  
Gotta get out

Looked over to my right  
Saw that nothing was left  
Looked over to my left  
Saw that nothing looked right  
Looked over my shoulder and saw a big  
black boulder  
Rolling straight down the hill... right at me.  
Gotta get out

Oh I've seen this film before  
And it never turns out real good  
Yeah I've seen this film before  
And I'd leave right now if I could  
Again and again and again and again  
I can't do anything like they say I should.  
Gotta get out

It's raining in Paris  
And I got the leaky shoes blues  
It's raining in Paradise  
Now I gotta pay my back dues  
Gotta get ahold of that boulder  
Push it back up with my shoulder  
Gotta get up

## 2. THE BROOKLYN BLUES CAFE

Here's your ticket  
And I come with it  
We'll cross the seas together  
To find some better weather.  
We'll be flying, no more sighing  
We can make it  
If we're trying  
I won't leave you  
This time I'm buying  
Gonna fly to Paris France  
To a bar where the Frenchies all dance  
Called the Brooklyn Blues Cafe  
Yeah the Brooklyn Blues Cafe.

Let it happen  
It will come when  
We are ready  
Just be steady  
Don't be sweating it  
You won't be regretting it  
So take it easy  
Let's get breezy  
We can groove it  
Find a good fit.  
We can do it all night long  
If we're dancing to this song

'Bout the Brooklyn Blues Cafe  
Yeah the Brooklyn Blues Cafe.

We are dancing  
On the bar now  
Paradise I know  
It isn't far now  
The crowd is cheering  
The goal is nearing  
The band is wailing  
And we are sailing  
We are crying  
We are flying  
The flag is raised aloft  
The fireworks are taking off  
At the Brooklyn Blues Cafe  
Yeah the Brooklyn Blues Cafe

## 3. LUCIA

Lucia  
I dream about you  
Lucia  
Can't live without you  
We're dancing in the moonlight  
On a beach  
At Sugar Bay  
Far away

Lucia  
I love thinking of you  
We're dancing on the beach  
All my problems out of reach  
With Lucia  
We're dancing on the moon  
On a beach at Sugar Bay  
Sugar Bay

Dancing with you would be so cool  
Lucia  
Even if I looked like a fool  
I wanna dance with you  
Lucia  
As the waves come in  
And the stars come out  
The moon starts shining down  
On you, on you (inst. 1x)

How I'd like to be dancing with you  
Lucia  
It's not romancing with you  
It's just being close to you  
In the perfume of the gentle breeze  
And the moonlight shining through the trees  
On you, on you

Shine that moonlight on me  
Shine that light on me  
Lucia  
Shine your soft white light on me.  
We're not romancing  
But how I love dancing  
With  
Lucia

## 4. SHUFFLE MAN

When it began  
He was the Shadow Man  
All alone... in the starless night  
Waved his hand, there was light  
And he was the Shuffle Man

Shuffled his feet to a funky new beat  
Waved his hand and there was land  
There was earth and there was birth  
For Mr. Shuffle Man

Dance Dance Dance for the Shuffle Man.

Come on dance  
With the Shuffle Man  
Come on dance  
Just as fast as you can  
Shuffle along, you won't go wrong  
With the Shuffle Man

Dance Dance Dance for the Shuffle Man.

He shuffles his deck  
Deals out everybody's hand  
Could be a wreck  
Or a helping hand!  
So bow down and clap your hands  
For Mr. Shuffle Man

Dance Dance Dance with the Shuffle Man.  
Dance dance dance with the Shuffle Man

## 5. SHE CRY BLUES

She cry blues  
In the morning  
When I'm yawning  
And I hear her  
Oh I hear her  
She keeps moaning.

Lady, if I knocked on your door  
Would you open it up to me?  
Cause I want to hear more.  
Oh yeah I want to hear more.

She cry blues  
In the evening,  
When I'm dreaming.  
And I hear her,  
But there's no meaning.  
Just no meaning.

Lady if I let you in my dream  
Would you tell me what you mean  
When you cry blues?  
When you cry blues.

Then she told me:  
I lost my daughter.  
Lost my little daughter  
My man went and took her  
She was so lovely  
He took her away from me.

Young man, if you walk down the hall  
I'll open my door for you  
'Cause I want to tell you all.  
I want to tell it all.

She cry blues  
In the morning  
As a new day is dawning  
And I hear her  
Yes I hear her  
I'm so near her.

Lady I'm gonna get outta bed  
walk down that hall  
Help save that young girl of hers  
If it's the last thing I do!

## 6. SISTER OF MINE

Sister of mine  
Far Away  
Will you be  
Back one day?  
Sister of mine  
Hiding away  
Where did you go?  
Why do you stay?  
Gotta know,

Have to know  
Miss you so  
Sister of mine.

Sister of mine  
Please come back  
My night's -  
much too black.  
Sister of mine  
Where have you been?  
Searching for light  
Or hiding in sin?  
Gotta know, have to know, miss you so  
Sister of mine.  
with the doc,  
He taught me a lot.  
What I had lost,  
How I forgot.  
Sister of mine  
Now I know why  
You couldn't say  
What happened that day  
Now I know, what I know, miss you so.  
Sister of mine.

The night that you called  
I wasn't there  
I couldn't help  
Fight your despair

The very next day  
Mom called me to say  
She went to sleep  
Then she started to weep.

I wasn't there  
Missed your call  
And that was all  
Sister of mine.

Sister of mine,  
I sang for you  
In the dark night  
When you cried.  
Now that it's passed  
I sing in the light  
But you are not here  
And that's just not right.

But in my mind  
In my heart  
I still sing for you.

Sister of mine.  
Sister of mine

## 7. BATHTUB BLUES

Lying in my bathtub  
Scrubbing away at my dirty skin.  
Crying in my bathtub  
Scrubbing away at my dirty skin.  
I wash and I wash,  
But I can't get rid of the dirt that's within.

Oh dirty waters  
Flow on down that black drain.  
Oh muddy waters  
Flow on down that black drain.  
I was just looking for a little pleasure,  
But I found myself a world of pain.

Well I called up my buddy  
And said "Hey guy, what can I do?"  
Yes I called up my buddy  
And said "Hey guy, what can I do?"  
He said "Just tell her that you're sorry,  
And all your cheating days are through."

Oh honey oh baby,  
Open up this bedroom door.  
Oh honey oh baby,  
Open up this bedroom door.  
I swear that I'm sorry,  
And I won't go cheating on you anymore.

## 8. SILVER LAKE

Devant moi  
Se trouve le Lac D'Argent.  
J'ai besoin  
Besoin d'en faire le tour.  
Sur la gauche, sur la droite  
Sa lumière me le demande.

Talked  
Depuis l'aube  
Des oiseaux l'ont survolé  
Révoltés, subjugués,  
Envoutés par sa beauté.  
Mais ils ont très bien sentis  
Que le temps était compté.

Depuis peu  
Tous les jours des hommes reviennent  
Avec eux, des machines trop rutilantes  
Mais que vont ils faire avec  
Les oiseaux le savent déjà .

Au crépuscule  
Ils se sont tous envolés.  
Affolé, apeurés,  
De ne plus voir leur miroir.  
Mais ils ont très bien compris  
Que le temps était passé.

Devant moi  
Se trouvait le Lac d'Argent.  
Plus besoin, plus besoin,  
Plus besoin d'en faire le tour  
Sur la gauche sur la droite  
Sa lumière vient de s'éteindre

## 9. BLACK TRAIN

Driving all around this land  
Passed a town call Rocky Mountain  
It was all so dark and dead,  
Left the car to find someone  
But I could not see a soul.  
There was no-one on the street  
Not a soul for me to meet  
Just some windows without light  
They must have gone somewhere  
But the railroad tracks stopped there  
Black Train

After two days and two nights  
I just had to find out more  
Trying mighty hard to see it  
What the town was like before  
Were there lots of little kids

Could you hear them through the day  
Were there lots of little children  
Could you hear their laughs at play?  
They must have gone somewhere  
But the railroad tracks stopped there.  
Black Train

Spinning devils, dust devils  
Dance down the empty street  
Then The Black Train comes to town  
The child king is stepping down  
From a far off church I hear  
The most beautiful voice in the world.  
It was laughing it was crying  
It was fear and death defying  
They must have gone somewhere  
But the black train's stopping there  
Black Train

When the train had pulled away  
The whole town was all lit up  
The dark windows opened wide  
All the people came outside.  
When the glasses were filled up  
And the songs were sung again  
Everyone looked at their neighbour  
Each one could see a friend.

They all wondered where they'd been  
And why they were back again.

Black Train

## 10. NEW LIFE

I feel a new life coming round  
It's coming round the bend  
This time my feet are on the ground.  
Time to get my old one to end

No more dirty old man, dirty old man  
Just sitting on the can  
Sitting on the can  
I'm not a dirty old man  
I've got a brand new plan. 2x

I know she's coming back to me  
What we did wrong will just be history  
She said let those bygones all be gone  
And we'll both start singing a brand  
new song.

No more dirty old man, dirty old man  
Just sitting on the can  
Sitting on the can  
I'm not a dirty old man  
I've got a brand new plan.

Gonna write ten thousand songs of praise  
Gonna change all my evil ways  
Gonna walk through that golden door  
Not going to be a sinner any more

No more dirty old man, dirty old man  
Just sitting on the can  
Sitting on the can  
I'm not a dirty old man  
I've got a brand new plan.

Hey, hey,  
Hey, Yeah!
